EMPLOYEE ACKNOWLEDGEMENT FORM

The employee handbook describes important information about Drive Intermodal, and I understand that I should consult a member of Executive Management regarding any questions not answered in the handbook. I have entered into my employment relationship with Drive Intermodal voluntarily and acknowledge that there is no specified length of employment. Accordingly, either I or Drive Intermodal can terminate the relationship at will, with or without cause, at any time, so long as there is no violation of applicable federal or state law.

Since the information, policies, and benefits described here are necessarily subject to change, I acknowledge that revisions to the handbook may occur, except to Drive Intermodal's policy of employment-at-will. All such changes will be communicated through official notices, and I understand that revised information may supersede, modify, or eliminate existing policies. As such I will not rely on the continuation of any of the information, policies, or benefits described in "this" handbook.

I acknowledge that this handbook is neither a contract of employment nor a legal document. I have received the handbook, and I understand that it is my responsibility to read and comply with the policies contained in this handbook and any revisions made to it.

During the course of my employment with Drive Intermodal, I understand that I may have access to and become familiar with certain confidential, proprietary, or trade secret information. I agree that I will not at any time during or after my employment use or disclose such confidential, proprietary, or trade secret information to any individual or organization that is not affiliated with Drive Intermodal, without express written authorization from Drive Intermodal. I understand and agree that in the event of a breach of this provision, Drive Intermodal shall be entitled, in addition to any other remedies, to an injunction from any competent court ordering me to cease and desist from any further unauthorized use or disclosures.

I understand and acknowledge Drive Intermodal's right to monitor email, internet, and telephone for any activity that is inappropriate or in violation of the company's handbook.

I acknowledge that the President or Chief Operating Officer of Drive Intermodal is the only person that has the ability to adopt any revisions to the policies in this handbook.

Subject: Employee Handbook

Hi everyone,

I am attaching the employee handbook that I have for Drive Intermodal. It does need to be updated but it is good to use for the time being. Please either print the last page sign it, and return a copy to me, or acknowledge in email that you have received a copy of the handbook and accept and understand the policies within.

I do know that there is nothing in this handbook that addresses covid and the current world we live in. However, I do like to think that we do have protocols in place for things in the event someone tests positive. If there is anything else we need to address that is not covered, I do believe that together we can work out those issues as they arise.

Donnie, there is another one specific to drivers. The items that differ have to do with truck operations and the like. I don't have that completed yet, but when I do I will share a copy with you. Suffice it to say, all the policies in the regular handbook are in, or will be, in the driver handbook. This copy will be a guide for what the policies are for us all.

Warmest regards,

Mark Pontarelli

Resignation Letter

Dear Mark,

It is with heavy heart that I am announcing my resignation from my current position as Port and Inland Operations Manager effective today, October 9th. My last day was October 7th as it shows my services and help is no longer needed.

Mark, I am absolutely grateful that you have given me this opportunity, but as the last few weeks I have watched our visions not align any longer. You have taught me so many things and I will forever be thankful for that.

I have not accepted another position as of yet and will be assessing what I would like to do with my future.

In regards to the loan you have with my family, as it stands today, I owe you a total of \$7500. I have already paid back \$1153.86, which leaves a balance of \$6346.14. With my last check I will pay another \$192.31 towards the balance owed.

I will then owe a total of \$6153.83 and this will be paid back in \$225 bi-weekly, either by check or Zelle, whichever you prefer.

Once again, thank you for this opportunity, and I wish you nothing but the best.

Hey Bob,

Thanks for your continued support and great follow through on these lanes. My customer is asking to see if there is any room at all to move on the rates in these 2 lanes. I know fuel had gone down and is now on the uptick again and I also realize that you had come down a bit once when I had asked but my customer is asking again so I wanted to check with you. To be fully transparent we are looking at our end as well to see if there is anything we can do.

In any case let me know if there is anything you can do.

Also, while I am thinking of it, we are looking at some potential decent volume coming out of Memphis soon and I think I remember you mentioning that Capitol was expanding or had a presence in Memphis. If that's the case can you send me the contact info for who I would reach out to?

Thanks,
Chris

RE: YOUR TORTIOUS VIOLATIONS AGAINST DRIVE INTERMODAL

Ms. Alexandria Rose,

I am the attorney for Drive Intermodal. I am writing to reach out to you to address the various tortious violations you have committed. This letter is being written with the intention of resolving this matter amicably. Short of a resolution, we will be left with no choice but to file legal action in Court against you.

Drive Intermodal has amassed incontrovertible digital evidence and witness accounts that substantiate your violations; should this persist, both you and your business shall be liable for considerable monetary and other damages. Such activities include a breach of your fiduciary duty, an egregious misappropriation of trade secrets under 765 ILCS 1065/1 *et seq.*, and tortious interference with prospective economic damage. Additional violations will likely be uncovered during an extensive discovery process.

Your position as a General Manager gave you a vantage point of training, trust, and access within the Drive Intermodal organization. As such you were privileged as one of the company's fiduciaries. Under Illinois law, fiduciaries are required to exercise a Duty of Care and a Duty of Loyalty. Your documented actions in sabotaging Drive Intermodal's business to support a competitor, betrayal of policies you agreed to in the employee handbook, self-dealing, and other documented actions and omissions are in direct violation of legal duties. These violations have caused immediate and reputational harm to Drive Intermodal.

Drive Intermodal has collected substantial evidence that demonstrates your misappropriation of its trade secrets. In addition to the impropriety of your activities on your responsibilities as a fiduciary, Illinois law explicitly protects employers' rights to their trade secrets. This includes, but is not limited to, the customer lists, rate sheets, and other internal and sensitive information to which you gained access and have secreted to benefit both yourself and the competitor company. There is no question as to the actual and potential economic value of this information to Drive Intermodal. Given that one of your co-

conspirators is your spouse, there is also little question that the recipient of such secrets had knowledge of the private nature of that information.

Drive Intermodal's claim of tortious interference with prospective economic damage has been made clear through your documented actions with Drive Intermodal employees and customers. By offering information which is not otherwise accessible, and by being in a trusted position within Drive Intermodal, you had the professional training and experience to know that the sensitive information you shared would not only cause harm to Drive Intermodal, but also create an economic advantage for your future employer. You were a fiduciary to Drive Intermodal, and as such, the corporate opportunity doctrine is clear in its prohibition of the enumerated activities, both during your tenure with Drive Intermodal and with your new company. Though considerable evidence of your tortious interference currently exists, Drive Intermodal will be able to seek additional information through a discovery process involving your employer's records, your communications, and other sources of information.

Given your fiduciary relationship with Drive Intermodal, Illinois courts will have the option to award punitive damages, including doubling actual damages. Steep compensatory damages can also be assessed from your documented breaches of fiduciary duty. Should litigation ensue, Drive Intermodal is confident in the clarity and breadth of its evidence against you; the company will pursue the considerable legal and other costs necessary to prove its claims.

Monetary damages to you and your company will also be considerable. Damages from your misappropriation of trade secrets includes not only actual losses but also potential profits generated by your recent company. As you can see, the consequences of your actions can be quite severe. In addition to the above, Drive Intermodal will seek a Court injunction which can halt your company's business activities entirely.

With all that said, we want to give you an opportunity to resolve this matter outside of Court. Do understand that a settlement can only be reached if you are willing and agree to do the following:

- 1. Return all information you have taken from Drive Intermodal;**
- 2. Provide a list of all correspondence you have had with Drive Intermodal's customers (current and former);**
- 3. Terminate all economic relationships with Drive Intermodal's customers (current and former);**
- 4. Inform Drive Intermodal's customers that you will cease doing business with them;**
- 5. Stop contacting Drive Intermodal, its employees, contractors, and customers;**
- 6. Destroy any remaining records of Drive Intermodal that are in your possession after records are tendered to Drive Intermodal;**
- 7. Enter into an agreement to make sure you will not repeat the violations discussed above.**

You must reach out to me, via email (syed@salcfirm.com) by November 15, 2022. Any delay beyond this deadline will lead us to believe that an amicable resolution is not possible, and we will have no choice but to commence legal action against you and your employer.

If you have any questions, please do not hesitate to reach out to me at your earliest convenience.

Sincerely,
